“I’ve had lots of help for the small amount I am billed. As a small business, these small events to others make a difference to me. I pay £12k in business rates & get nothing. The nutcracker brought new customers, one change to my social media advertising (following advice from someone I met at the meeting) resulted in 2 class bookings worth £80. We also need first aid training so that will help later in the year. Being in the BID makes me feel part of a team with access to support and advice when I need it.”

Nicola Frost Sew Busy

“We always support new events and activities in Fleet, the more people attracted to the Town the better, even if we don't gain on the day, hopefully people will see us or come back to Fleet if they think there is something to do or see there.

Keep up the good work. The extra activities put on in the Town are really appreciated. The workshops we have attended are excellent and relevant.”
